WISE Society has established itself as a solid community aiming at high quality research and offering the ground for advancing and progressing efforts in Web information systems addressed topics. **WISE 2021** will be an international forum for researchers, professionals, and industrial practitioners to share their knowledge and insights in the rapidly growing areas of Web technologies, methodologies, and applications in the era of big data and artificial intelligence.

Previous WISE conferences were held in Hong Kong, China (2000), Kyoto, Japan (2001), Singapore (2002), Roma, Italy (2003), Brisbane, Australia (2004), New York, USA (2005), Wuhan, China (2006), Nancy, France (2007), Auckland, New Zealand (2008), Poznan, Poland (2009), Hong Kong, China (2010), Sydney, Australia (2011), Paphos, Cyprus (2012), Nanjing, China (2013), Thessaloniki, Greece (2014), Miami, USA (2015), Shanghai, China (2016), Puschino, Russia (2017), Dubai, UAE (2018), Hong Kong (2019), and Amsterdam and Leiden, Netherlands (2020).

The program of **WISE 2021** features several keynote talks by famous experts in the important areas of information systems, to share their cutting edge technology and views about the industrial hotspots, and several topic-specific forums.

Topics of Interest, but not limited to

- Web-scale Distributed and Cloud Computing
- Recommender Systems
- Deep/Hidden Web
- Clickstream Analytics
- Rich Web UI and HCI
- Semantic Web
- Machine Learning for the Web
- Linked Open Data
- Human Factors and Social Issues
- Web Big Data Techniques and Mining
- Social Web Models and Analysis
- Web Agents and Web Intelligence
- Web Data Models
- Web Information Retrieval and Text Analytics
- Web Metrics and Performance
- Web Mining and Web Warehousing
- Web Security and Trust Management
- Web-based Business Processes and Web Services
- Web Tools and Visualization
- Data Science and AI technology
- Web-based Applications (e.g., Auction and Negotiation, e-Commerce, e-Government, etc.)

IMPORTANT DATES

- **Abstract Submission Deadline: June 10, 2021 - June 24, 2021**
- Full Paper Submission Deadline: ~~June 17, 2021~~ July 1, 2021
- Acceptance/Reject Notification: ~~July 30, 2021~~ August 13, 2021

PAPER SUBMISSION

Papers should be submitted in PDF format. The results described must be unpublished and must not be under review elsewhere. Submissions must conform to Springer's LNCS format and should not exceed 15 pages, including all text, figures, references, and appendices. Submissions not conforming to the LNCS format, exceeding 15 pages, or being obviously out of the scope of the conference, will be rejected without review. Information about the **Springer LNCS** format can be found at Springer. Three to five keywords characterizing the paper should be indicated at the end of the abstract. Submitted papers will undergo a "**double-blind**" review process, coordinated by the Program Committee. To ensure anonymity of authorship, authors must ensure that authors' names, affiliations, funding, and any other identifying information of authorship do not appear on the title page or elsewhere in the paper.

The submission Web page for WISE 2021 is <https://easychair.org/conferences/?conf=wise2021>

PUBLICATION

Accepted papers will be presented at WISE 2021 and published in the conference proceedings, which is published in the **Springer Lecture Notes in Computer Science** (LNCS). Authors elected best papers from the conference will be invited to submit an expanded version for publication in the **WWW Journal** and **Data Science and Engineering**, Springer.
